REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims in the instant application are allowable over the prior art rejections for the reasons set forth in applicant's response filed 3 November 2006. The claims are additionally allowable over the prior art because, unlike the prior art in which the hair is pulled into the tubular reservoir and then hair treating composition is applied, the instant device, as set forth in claims 1 and 8, requires the hair treating composition be in the tubular reservoir with the guide means extending through the reservoir and the pulling means protruding from one end of the reservoir and attaching means protruding from the other end of the reservoir. Thus the instant device comes "ready-to-use" and the user does not have to manipulate any chemicals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Todd E. Manahan whose telephone number is 571 272- 4713. The examiner can normally be reached on Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris Rodriguez can be reached on 571 272-4964. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
